Strengthening the resilience of vulnerable communities to the effects of climate change impact and environmental shocks through the deployment of European Solidarity Corps volunteers fostering the innovation in Humanitarian context.

ESC Aid Volunteer in Communication, Regional Office of Western and Central Africa (ROWCA), SENEGAL

1 position

Deployment dates: 01/03/2024 to 28/02/2025

The European Solidarity Corps in Humanitarian Aid is an EU funding program for young people wishing to support, as volunteers, humanitarian aid operations in third countries outside of the EU that have faced humanitarian disasters or need to increase their preparedness to possible disasters in the future.

Volunteers will support humanitarian aid operations while learning new skills, improving, and properly validating their competences.

The program is open to 18-35 years old individuals, EU citizens or legally residing in an EU Member State or in a third country associated to the Program (Iceland, Liechtenstein, Turkey, and Republic of North Macedonia), who have registered in the European Solidarity Corps Portal.

Action Against Hunger

Action Against Hunger is an international non-governmental private organization that is politically and religiously neutral and non-profit. Established in 1979 in France to implement interventions worldwide, its vocation is to fight against hunger, physical suffering and situations of distress that threaten the lives.

In line with its Inclusion and Diversity Strategy, the program aims at including young people with fewer opportunities.

HUMANITARIAN CONTEXT

Western and Central Africa humanitarian contexts are very diverse. However, the key drivers for humanitarian interventions in the region are civil insecurity and conflicts, droughts and other climatic extremes, governance crises, lack of public and private investment in infrastructures. The context is also characterized by the multiplicity of stakeholders and the challenges related to coordination and coherence of actions. The priorities are numerous, resources are limited, and the diversity of agencies and institutional agendas hampers the definition of realistic and clear common objectives and actions plans. More importantly their implementation, monitoring and evaluation or the level of accountability (towards partners, communities, government, and donors) are deficient and important efforts are necessary to answer to these challenges.

“Do no harm” principles are, as always, a key component of the humanitarian response. In Western and Central Africa, the recent deterioration of the security context obliges the humanitarian actors to adapt their interventions and negotiate with a diversity of actors in a rapidly evolving context.

SECURITY CONDITIONS

The volunteer will be based in Dakar, which has the security constraints of other large cities in the region. However, it is a generally safe environment and is deemed a family-friendly posting by other NGOs, UN Agencies, and embassies. The volunteer could be involved punctually in field work and workshop in different countries covered by the advocacy projects. The volunteer will need to comply with Action Against Hunger’s security plan of each visited country.

COVID SITUATION AND PROTOCOLS

All health restrictions linked to COVID-19 have been lifted. However, it is necessary to follow any instructions and/or information from the health and nutrition department concerning the general health situation in the country.

AAH VALUES

We are an international non-governmental private organisation that is politically and religiously neutral and non-profit, which was established in 1979 in France to implement interventions worldwide. Our vocation is to fight against hunger, physical suffering and situations of distress that threaten the lives of men, women, and children.

We uphold the Humanitarian Principles: Independence, Neutrality, Non-Discrimination, Free and direct access to people in need, professionalism, and transparency.
